SECTION 4. FIRST AID MEASURES

4.1 Description of first aid measures	Inhalation	Move victim to fresh air. In case of difficulties after dust inhalation contact doctor.
	Eyes	Wash eyes with plenty of water during at least 10 minutes. If irritation persists, contact doctor.
4.2 Most important symptoms and effects, both acute and delayed	Skin	Remove contaminated clothing. Wash the skin with water.
	Ingestion	Never induce vomiting. Contact doctor as soon as possible.
4.3 Indication of any immediate medical attention and special treatment needed		Causes skin irritation. May cause an allergic skin reaction. Causes serious eye irritation. Accidental ingestion may lead to penetration of particles into the lungs and cause serious health problems (pneumonia, pulmonary oedema).
		In case of accidental ingestion, in case of difficulties after contact with eyes and also in case of allergic skin reaction immediately contact doctor.

SECTION 5. FIRE-FIGHTING MEASURES

5.1 Extinguishing media	suitable	CO2, powder, foam, water fog
	not to be used	water in full jet
5.2 Special hazards arising from the substance or mixture		Hazardous decomposition products may form (carbon oxides, nitrogen oxides, hydrocarbons, organic compounds) and thick black smoke. Vapours may form explosive mixture with air.
5.3 Advice for fire fighters		Use self-contained breathing apparatus. Wear protective clothing. Remove containers rapidly out of reach of fire or cool with water fog. Do not breathe combustion gases.

SECTION 6. ACCIDENTAL RELEASE MEASURES

6.1 Personal precautions, protective equipment and emergency procedures		Avoid prolonged contact with skin and eyes. Wear suitable personal protection. Avoid access of not protected and not informed persons.
6.2 Thermal hazard:		combustible
6.3 Environmental precautions		Avoid release of product in to the waters, watercourses and water sources as well as to the sewerage. If it happens, contact responsible institutions.
6.4 Methods and material for containment and cleaning up		Pick up with non combustible absorbent materials (sand, earth) and take for disposal in closed, labelled containers.
6.5 Reference to other sections		personal protection: section 8 waste disposal: section 13

SECTION 7. HANDLING AND STORAGE

7.1 Precautions for safe handling		Ensure ventilation of closed rooms. Avoid prolonged contact with skin and eyes. Wear suitable personal protection (eyes, skin). Keep safety and hygienic regulations for work with chemicals. Do not eat, drink or fume. Take off immediately all contaminated clothing.
7.2 Conditions for safe storage, including any incompatibilities		Storage in original, tightly closed container in cool, dry, well ventilated room. Do not store with incompatible materials.
7.3 Specific end use(s)		Product is used to protect MIG gun consumables and welded parts from welding spatters.
